Shelenhamer Construction
114 E. Jackson Street
Bolivar, MO 65613

Gentlemen:

It is a pleasure to submit this letter on behalf of your company. Shelenhamer Construction has completed several construction projects for our organization including independent living units, a clinic, a long term care facility, and a senior health center. On all of these projects, Jody has worked well with our Plant Facilities Director and the architects to assure that the project, when finished, was a quality product. Without exception, each of these projects was completed ahead of the scheduled completion date.

We have been pleased with the work that Shelenhamer Construction has completed for us and feel sure that his construction business will continue to grow in the future.

Sincerely,

Donald J. Babb
Chief Executive Officer
