To Whom It May Concern:

It is my pleasure to recommend Jody Shelenhamer and Shelenhamer Construction to your organization. They were contractors for a 56-bed two-story student residential center at Southwestern Christian University. Mr. Shelenhamer and his company were extremely efficient and professional. They were cooperative in every phase of the construction, met time schedules, financial deadlines and kept their written and verbal commitments. The residential unit is fully operational, well built, and exceeds our expectations. During the course of the project, Jody Shelenhamer and the members of his team became friends, as well as contractors.

I highly recommend Mr. Shelenhamer and his organization to you.

Respectfully submitted,

Bob R. Ely  
President
